

Reformers Unanimous 2-Step Ministry Plan

(For supporting addicts as they grow into active church members)

Making a decision to remain abstinent from addiction until death is a strong stand to take. It is not a one time decision. It is a decision that has to be reconfirmed almost daily as a person goes out into the world and experiences pressure and temptation.

This 12-step program only works if you emphasize the local church. The local church is God's support group to minister to addicted people.

1. Make a Faith Based Decision
2. Study the Bible daily.
3. Attend your local church regularly.
